Clarification of News Reports

Source	BusinessWorld Online and The Philippine Star (Internet Edition)
Subject of News Report	Calata targets 2016 net income to hit P200 million and Calata investing P650 M on data-driven farming practices
Date of Publication	Jun 26, 2016

Clarification of News Report

In reference to your query, we would like to make the following confirmation and clarification:

- a. We confirm that Calata Corporation and Austrian Agri Tech Firm Pessl Instruments GmbH entered into a partnership for the introduction of data-driven farming practices in the Philippine Agriculture Sector late afternoon of June 24, 2016.
- b. We confirm that a disclosure was submitted today June 27, 2016 to the Philippine Stock Exchange to timely report this Event.
- c. We confirm that the two articles entitled:
 - (a) "Calata targets 2016 net income to hit P200 million" posted in the Businessworld Online on June 26, 2106 and
 - (b) "Calata investing P650M on data-driven farming practices" posted in the Philippine Star (internet edition) on June 27, 2016
 were written by the reporters based on responses of Calata Corporation management during the question and answer portion of the partnership signing last June 24, 2016.
- d. We clarify that the target net income of P200 million are based only on estimates and should not be taken into context as definite and final.
- e. We clarify that the amount quoted as to be invested in the partnership has not been defined with finality as it is still subject to the results of further feasibility studies and farm trials.
- f. We clarify that the PhP2.5 to PhP3 Billion target revenue of the company is not a definite figure but as of the time being is based on estimates.

Other Relevant Information

Clarification on the following news articles:

1. News article entitled “Calata targets 2016 net income to hit P200 million” posted in the BusinessWorld Online on June 26, 2016. The article reported in part that:

“LISTED AGRIBUSINESS firm Calata Corporation expects net income to jump by nearly a third this year, as it sees revenues getting a boost from new and high-margin products.

‘This year, we’re targeting a revenue of around P2.5 to P3 billion... and net income of maybe around P200 million,’ Calata Chairman and CEO Joseph H. Calata told reporters on Friday.

The company’s profit target for this year is 30% higher than the P154.04-million net income recorded in 2015. On the other hand, the target revenue for this year is at least 11% more than the P2.26 billion recorded last year.

....”

2. News article entitled “Calata investing P650 M on data-driven farming practices” posted in The Philippine Star (Internet Edition) on June 27, 2016. The article reported in part that:

“MANILA, Philippines - Calata Corp., the listed distributor of agricultural products, is investing P650 million to introduce data-driven farming practices to the local agriculture sector.

Calata has partnered with Austrian company Pessl Instruments GmbH which develops and distributes climate monitoring and other technologies for farming.
