**RE: CALATA GREENHOUSE CONSTRUCTION**

Dear Mr. Zuño,

Pursuant to the Revised Disclosure Rules of the Philippine Stock Exchange (the “Exchange”), we formally advise the Exchange that Calata Corporation (the “Company”) on the progress and development on the Company’s initiative on greenhouse farming.

It will be recalled that last May 2, 2017, the Exchange sent a correspondence to the Company to confirm the news article about the Company’s tie up with Netafim for the construction of greenhouses. This was responded to in the affirmative by the Company when it stated that it was actually in talks with Netafim at the moment.

Hence, pursuant to the regime of full disclosure and also with the view of informing and updating the public shareholders of the Company including the investing public, it is hereby disclosed that the Company has proceeded with the construction of its first greenhouse model in Mendez Cavite. Currently, all land preparation including the laying of foundation has been completed. Pictures of the greenhouse site are herein attached.

It is expected that all the other construction materials which have been shipped from Israel shall arrive on July 25, 2017. Estimated time of completion is three to four weeks from the first day of installation.

The total area for the project site of the model greenhouse is 1,604 square meters. Of the total area, 1,184 square meters will be planted with lettuce and 420 square meters with tomato using the “Grow Bag” system which utilizes coco peat and coco chips instead of soil making the crops’ less susceptible to harmful microorganisms as a result of better sanitation. This would translate into maximized harvest of healthy grown crops.

The Company undertakes that it shall provide prompt, full and accurate disclosure as soon as the model greenhouse is complete including all the subsequent relevant and material steps it would take in connection to its greenhouse farming initiative.

Very truly yours,

  
Atty. Jose Marie E. Fabella  
Corporate Secretary / Compliance Officer
